

國立陽明大學
National Yang-Ming University

**Rapid Responses to Steroid Hormones
9th International Meeting
June 7-10, Taipei Veterans General Hospital, Taipei, Taiwan**

PROGRAM

June 7, Sunday	
17:00-20:00	Opening Reception
June 8, Monday	
08:30-09:00	Local Registration
09:00-09:10	Welcome and Introduction to Taipei - Low-Tone Ho
09:10-09:30	The History of RRSH - Martin Wehling
Session 1: 09:30-12:30	Chairs: Low-Tone Ho, Martin Wehling
09:30-10:30	Lee-Ming Kow and Donald W. Pfaff, Plenary Speaker - Rapid responses to estrogen by nerve cells: data, theory and implications for behavior.
10:30-11:00	<i>Coffee Break</i>
11:00-11:30	Hiroshi Kobayashi - Signal pathways functioning under acidic conditions.
11:30-12:00	Eileen Jea Chien - The non-genomic effects on immunosuppression by steroids in human T cells.
12:00-12:30	Warren Thomas - The protein kinase D family and aldosterone actions on sodium conservation by the kidney.
12:30-15:00	<i>Lunch and Poster Session</i>
Session 2: 15:00-17:30	Chairs: Lu-Hai Wang, Eileen Jea Chien
15:00-15:30	Der-Cherng Tarng - Aldosterone and mortality in chronic kidney disease: role of volume overload.
15:30-16:00	Jung-Nien Lai - Chinese herbal products containing coumestrol, genistein or daidzein as modulators of tamoxifen-induced endometrial cancer: a population-based study.
16:00-16:30	<i>Coffee Break</i>
16:30-17:00	Lu-Hai Wang - Glucocorticoids mediate induction of microRNA-708 to suppress ovarian cancer metastasis through targeting Rap1B: an old drug for potential new indication.
17:00-17:30	Martin Wehling - Research on non-genomic steroid effects: where do we stand in terms of translation?
17:30	<i>Adjourn</i>
18:00	<i>Event</i>

June 9, Tuesday	
08:30-09:00	Local Registration
Session 3: 09:00-12:30	Chairs: Bon-Chu Chung, Po Sing Leung, Toshinobu Tokumoto
09:00-10:00	Bon-Chu Chung - Rapid action of neurosteroid pregnenolone in cytoskeleton stabilization.
10:00-10:30	Toshinobu Tokumoto - Establishment of procedures for mPR interacting agents and study on physiological roles of mPR.
10:30-11:00	<i>Coffee Break</i>
11:00-11:30	Muriel Le Romancer - Role of ER α 36 in estrogen non genomic signaling in breast cancer.
11:30-12:00	Wing-Hung Ko - Activation of G protein-coupled estrogen receptor (GPER) inhibits P2Y receptor-mediated Ca ²⁺ signaling and cytokine secretion via cAMP-dependent PKA pathway in human bronchial epithelia.
12:00-12:30	Gustav Jirikowski - Estrogen dependent expression of Estrogen receptor - β in PC 12 cells
12:30-15:00	<i>Lunch and Poster Session</i>
Session 4: 15:00-16:00	Chairs: Brian J. Harvey, Gustav F. Jirikowski
15:00-16:00	Matthias Barton, Plenary Speaker - New aspects of rapid estrogen signaling in atherosclerosis
16:00	<i>Adjourn</i>
17:30-21:00	Event: Gala Dinner
June 10, Wednesday	
08:30-09:00	Local Registration
Session 5: 9:00-12:30	Chairs: Martin Wehling, Eileen Jea Chien, Sandra Incerpi
09:00-9:30	Sandra Incerpi - Thyroid hormones cross-talk with growth factors through integrin α v β 3: inhibition of IGF-1 effects in monocytes.
09:30-10:00	Hung-Yun Lin - Inhibition of colorectal cancer cells growth by tetraiodothyroacetic acid and its nanoparticulate derivative (Nanotetrac) in vitro and in vivo.
10:00-10:30	Eleonora Zakharian - The TRPM8 channel is a novel testosterone receptor.
10:30-11:00	<i>Coffee Break</i>
11:00-12:00	Brian Harvey, Plenary Speaker - Sexual dimorphism of estrogen actions on epithelial function in health and disease.
12:00-12:30	Panel Discussion for Public and Closing Remarks - Martin Wehling
12:30	End of Meeting
13:00	<i>Event</i>
June 11, Thursday	
Tours	

● **Welcome Reception**

The reception will take place at Longbon Resort Beitou, Taipei at 17:00 to 20:00, June 7, 2015.

■ **Longbon Resort Beitou 龍邦僑園會館:**

No.25, Quanyuan Rd., Beitou Dist., Taipei City 112, Taiwan 112

台北市北投區泉源路 25 號 Tel: 886-2-2893-9922

● **Gala Dinner**

The Gala Dinner is scheduled to be held at 17:30 to 21:00, June 9, 2015.
