1st International Conference on
Viral Membrane Proteins

Topics:
Channels/Pores - Fusion / Budding - Membrane attached proteins
Chinese Traditional Medicine - Application in e.g. NanoMedicine
Techniques: Spectroscopy, Computational Approaches, Molecular Biology

Sessions:
Medical and clinical aspects
• Diagnostics and Treatment

Medicinal Biophysics
• Structure and Mechanism of function

Drug Development
• Traditional Chinese Medicine

NanoMedicine
• Drug encapsulation and delivery

Speakers:
Arkin, Shy (Jerusalem, IL); Chen, Yi-Ming Arthur (NYMU, TW);
Chiou, Chun-Tang (NRICM, TW); Fink, Rainer (U of Heidelberg, D);
Fischer, Wolfgang B. (NYMU, TW); Fringeli, Urs Peter (Vienna, AT);
Kao, Fu-Jen (NYMU, TW); Lien, Cheng-Chang (NYMU, TW);
Lin, Jung-Hsinn (Academia Sinica, TW); Ma, Alex (Academia Sinica, TW);
Moroni, Anna (Milano, IT); Shai, Yechiel (Rehovot, IL); Thiel, Gerhard (Darmstadt, D);
Torres Jaume (NTU, Singapore); Watts, Anthony (Oxford, UK).

Sponsors:
National Yang-Ming University, Taipei, Taiwan
Aim of Excellence Program, Ministry of Education, Taiwan
National Science Council, Taiwan

Organization:
Yi-Ming Arthur Chen (AIDS Prevention Center NYMU, TW), Wolfgang B. Fischer (Biophotonics, NYMU, TW)
Rainer Fink (Medicinal Biophysics, Uni Heidelberg, D), Mauricio Montal (Neurobiology, UCSD, USA)
